

### **REMARKS**

This Preliminary Amendment is filed in response to the Notice to File Missing Parts of Nonprovisional Application mailed February 20, 2004. In the Notice, it was asserted that the compact disc(s) submitted with the application fail to comply with 37 C.F.R. § 1.52(e) in that the discs contain non-ASCII files. A new duplicate set of compact discs with only ASCII files was required.

Submitted herewith are two replacement compact discs containing only ASCII files. The compact discs are in IBM-PC format for the Windows operating system. The following files are contained on the compact discs:

CBA for i95c1 – Specification.txt	29K
DataManager.java	17K
MassageManager.java	5K
Measurement.java	1K
MeasurementManager.java	18K
ScanwebMidlet.java	50K
VitalityManager.java	21K

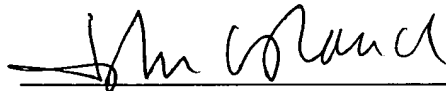

The compact discs are labeled “COPY 1 REPLACEMENT 04/19/2004” and “COPY 2 REPLACEMENT 04/19/2004.” The discs are identical. The creation date of the discs is April 15, 2004. The discs contain no new matter.

By this preliminary amendment, the reference in the specification to the material on the compact discs is amended to correspond to the replacement copies of the discs. The list of file names contained in the originally filed patent application has been deleted and replaced with the list of files contained on the replacement copies of the compact discs. No new matter is added by this amendment to the specification. Entry of this amendment is respectfully requested.

Application no. 10/734,066  
Preliminary Amendment dated: April 19, 2004  
Reply to PTO Notice dated: February 20, 2004

With this response, the application is believed to be in condition for early action on the merits. Should the examiner deem a telephone conference to be of assistance in advancing the application to allowance, the examiner is invited to call the undersigned attorney at the telephone number below.

Respectfully submitted,

John G. Rauch
